

compact image

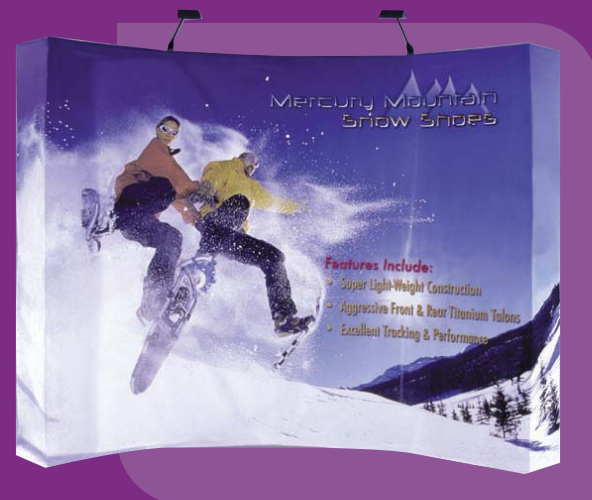

Compact Image, the latest 10' innovation in pop-up technology makes exhibiting even easier. With a seamless digital fabric graphic already attached to the frame, this lightweight system is up in seconds. Compact Image comes in a range of sizes and packs into a portable case.

set up

Simply pop the frame up and close the locking bars located on each hub. A high resolution, large format digital fabric graphic creates instant impact. The graphic is interchangeable and even washable!

Optional molded plastic case with wheels

Curved 10' frame with optional graphic end caps

Optional 50 Watt Low-Voltage Halogen or 200 Watt Halogen Lights.

DISPLAY AND EXHIBIT SOLUTIONS WORLDWIDE

pop-up displays

Pop-up displays offer the most versatility, portability and affordability. The pop-up frame assembles in seconds and can support graphics, shelving, lighting and more. Nimlok pop-up exhibits are highly customizable, light weight, portable (they pack into one case) and easy to assemble. Nimlok pop-ups are available in three different versions: Compact Magnetic, Compact, and Compact Image.

compact magnetic

magnetic frame lockers magnetic channel bars

Compact Magnetic is the premium easy to use 10' pop-up portable exhibit. It features magnetic connections for the frame and magnetic channels bars greatly simplifying assembly and disassembly. The graphics hang quickly and easily with magnetic hangers. The magnetic connections allow you to assemble the sturdy frame in just seconds.

compact

molded frame lockers hinged channel bars

Compact Pop-up Exhibits provide maximum portability. A standard 10' backwall with lights and case-to-counter conversion will pack into one UPS-able wheeled case. The pop-up frame is a sturdy support for products or graphics. The frame also offers molded frame lockers and a 3-piece hinged channel bar means you will have less pieces to assemble/disassemble. Both straight and curved frames can be integrated into one exhibit which creates endless possibilities.

Compact's Case-to-Counter Conversion Kit transforms the entire shipping case into a spacious and coordinated counter for your exhibit.

- ① Heavy Duty Plastic Case with storage door, wheels and built-in step stool. Case has a large optional case-to-counter conversion kit.
- ② Sturdy Plastic case with wheels. Case has an optional case-to-counter conversion kit.
